Vince Gill and Reba McEntire are among the country stars and 4-H alumni featured on the CD “Clover Country.”

The CD is a country compilation intended to raise awareness and support for the 4-H youth development organization. A portion of the proceeds from the CD sales will benefit 4-H.

“I was involved in every aspect of 4-H, I loved it with all my heart,” McEntire said in a news release.

The National 4-H Council and EMI Music Special Markets joined forces to create the CD, according to the release. The project started when 4-H representatives noticed that several high-profile country recording artists were 4-H alumni.

“Clover Country” includes only artists that were involved in 4-H as youths. Other artists featured on the album include Sugarland, Dolly Parton, Martina McBride, Faith Hill, Johnny Cash, Glen Campbell, Luke Bryan and Alabama.

“We at National 4-H Council are very excited to share this first-ever compilation of hits from famous 4-H alumni with the nation. Not only does it showcase the benefits of participation in the 4-H Youth Development Program through our talented 4-H alumni, it raises much-needed support for 4-H,” said Donald T. Floyd Jr., president and CEO of the National 4-H Council, in the release.

One track featured on the album is “The Clown,” written and recorded by Grammy-winning songwriter Hillary Lindsey.

“I actually started my journalism career when I was elected the reporter of my school’s 4-H chapter in seventh grade,” Lindsey said. “I had gone to church with Merdon Cable, the editor of local weekly, The Lindsay News, my whole life. So, I wrote up the news from that 4-H meeting, submitted it to him for publication, and bless his heart, he actually printed it. Naturally, I’m a big supporter of the 4-H program, and this CD sounds like a great project.”
