# The Clover Current

## Spring Break

We are excited to be offering a three-day, two-night camping trip for our youth ages 11-14! This great camping experience at Bear Island will include great how-to experiences in overnight camping, packing, exploration, wildlife, and habitats along with some fun fishing and stargazing!

## Light Up The Night

On the first Friday of every month the Pamlico County Ext. Office shines. 4-Her's gather to learn about electricity, engineering, and the scientific method. We've turned potatoes into batteries, built motors, created an electro magnet, and so much more!

## WHEP Wildlife Club

Twice a month at Pamlico County Middle School 4-Hers get in touch with their wild side. They've learned all about the eco-regions of North Carolina; native populations of Flora and Fauna; and how to best protect them.

## Debate Public Speaking

Since October Middle Schoolers at Pamlico County Middle School have been honing their skills. They've learned how to actively listen; the appropriate way to heckle; given extemporaneous speeches; and critically assessed assertions in debate format.
