Bear Island Camping Trip

We had a blast camping on Bear Island this past week. For three days and two nights, we enjoyed fresh air, sea views, and fun filled learning opportunities.

We learned tracking, orienteering, astronomy, learned about dolphin feeding tactics, and how to properly cook on a camp stove. Youth also made a short film!

4-H Presentations

It's time for Presentations! Every year North Carolina 4-H hosts a two tier Presentation Competition. Youth pick topics they find interesting, research, write, and practice a speech, then give that speech to judges at the district level. Gold and Silver medalists then go on to compete with youth from around the state at 4-H Congress!

Find out more, or register: [Here](#)

My Little Home Library

We are excited to partner with Pamlico County Library for the My Little Home Library Program. Open to Primary School Students and their families, every Wednesday for eight weeks, children will learn about nutrition and have snack, then engage their adventurous side by learning about animals and nature, before settling down with their families for shared reading time.

For Registration Contact:

WHEP Wildlife Club

Twice a month at Pamlico County Middle School 4-Hers get in touch with their wild side. They've learned all about the eco-regions of North Carolina; native populations of Flora and Fauna; and how to best protect them.

Debate & Public Speaking

Since October Middle Schoolers at Pamlico County Middle School have been honing their skills. District and State Presentation Competitions are coming up, so members are writing speeches, preparing demonstrations, and putting together slides.
